Dear Gov. Haslam: We fully support your decision to appoint Ms. Samar Ali to serve as the international director of the Tennessee Department of Economic and Community Development. Her personal and professional background is impressive and we, like you, expect that she will be an effective advocate for Tennessee.

Your search for highly qualified professionals to serve in your administration, unbiased by spurious demographic or political concerns, puts the needs of our state first and is a courageous example of leadership unburdened by bigotry and hatred.

Your administration has recognized the importance of the contributions of individuals from many backgrounds to our continued growth. As citizens and volunteers in our great state, we are proud of your leadership and commitment to our civic ideals.
